2025 ANNUAL REPORT

These numbers reflect a year of generosity, connection, and community impact across Howard County.

A Message from Melissa Curtin, President & CEO

2025 was a meaningful year for the Community Foundation of Howard County - one marked by generosity, impact, and leadership transition.

Together with our donors, nonprofit partners, and community members, we awarded more than \$2.4 million in grants and scholarships, stewarded over \$37 million in charitable assets, and continued to strengthen Howard County through philanthropy and community engagement.

It has been an honor to join the Community Foundation during this important chapter. I am deeply grateful to Beverly White-Seals for her years of visionary leadership and the strong foundation she built for our future.

As we build on this momentum, this report provides a snapshot of our 2025 impact. Visit cfhoco.org to learn more about our grantmaking, financial stewardship, leadership, and the many ways to give, connect, and engage in building a stronger Howard County, together.

- **Melissa Curtin, President & CEO**

- **\$37,300,000+ in Total Assets Under Management:** Stewarding philanthropic resources today and for the future.
- **\$2,400,000+ in Grants:** Awarded to nonprofits that provide essential resources and improve the quality of life of Howard County residents.
